### Notes

- You should consult your Financial Adviser before making any investment decisions.
- The instruction to switch investments will normally be carried out on the monthly policy anniversary following the day on which we receive your instruction. If we receive the instruction on a day when we are not open for business, we will treat it as being received on the next working day.
- Ringfenced Investments receive no Lifetime Bonuses. Any ringfenced fund remaining will provide an income for your chosen beneficiaries if you die within 10 years of setting up your Flexible Lifetime Annuity, for the remainder of the first 10 years.
- If you choose to have no ringfenced investments left at all, this will remove any temporary income which would be payable in the event of death within 10 years. The only death benefit payable would be any joint life benefit, if selected.
- Lifetime Investments are eligible to receive Lifetime Bonuses, but they are lost when you die (or, in the case of a joint life annuity, when both annuitants die).
- Income is automatically taken from Ringfenced Investments before any Lifetime Investments are used.
- Once Ringfenced Investments have been switched into Lifetime Investments they cannot be changed back again.
