### IMPORTANT NOTES

- Only the Flexible Investment Plan Paxus series (sold from February 1994 to July 1999) uses a clustered/segmented structure. As a result, for this policy only, Regular Withdrawals will be made equally from each segmented policy of this contract. Please refer to your Policy Schedule/Booklet if you are unsure of your plan series.
- Regular Withdrawals and/or Distributions are not available on all policies, and some options may be limited on others. Please contact Prudential if you want to check their availability for your policy(ies).
- Please note that under current legislation, regular withdrawals in a policy year exceeding 5% each year of the total investment can lead to an income tax charge in excess of the basic rate in the year of assessment that the policy year ends. Entitlement to personal allowances and certain tax credits may also be affected. Any tax liability may vary depending on whether withdrawals are made from one policy, or from across a number of policies. You may wish to consult your financial adviser when considering which method you should use before taking the withdrawal. Your adviser may charge for any advice given.
- This information is based on our understanding of current taxation, legislation and HM Revenue & Customs practice, all of which are liable to change without notice. The impact of taxation (and any tax relief(s)) depends on individual circumstances.
- The minimum amount of withdrawal is £50 per instalment.
- Policies can normally invest in a maximum of 20 funds at any one time. However if your plan(s) has/have both Capital and Accumulation units, the maximum is normally 10 funds. Please contact Prudential if you want to check availability for your policy(ies).
- The figures in brackets overleaf are the current Fund Management Charges for each fund. In addition to our charges, there may be further costs incurred, which can vary over time. Where these are applicable, they are paid for by the relevant fund and will impact on its overall performance. For more information on these Further Costs, please look at the current Fund Guide for this product.
